

I have been receiving frequent fax solicitations from Daily Traders Report (DTR) even though I have asked, many times, to be removed from their data base either via the web ([www.yourfaxremoval.com](http://www.yourfaxremoval.com)) as well as by calling the phone # that they provide (1-800-405-5537). I have kept the 6 previous faxes received from them. The earliest record of my contacting them is Sept. 13th 2004 at 12:00pm. On the majority of the solicitations, I have made notations as to time and date that I either called or e-mailed my request for removal of my fax # (847-835 9030) to them.

The phone # that appears at the top of the received faxes is 305-433-8558. On these faxes, either this # appears or in two cases, no origin number appears at all. I have also printed out a journal from my fax machine stating when the latest fax came from them (Nov. 2nd 2004 at 23:17).

I can provide any paperwork necessary to help in this case. Please let me know what I can do to stop this abuse.

Sincerely,

Michael Mitchell
